The prosperity of Memphis is the rity of Brownsville. Whatever beneat city is an advantage to our own With this in view, we are surprised a good deal of the cotton gains to the sympathies of the country with-out any mercenary guise, and by presenting its plans and needs in a clear and succinct form with the definite sum required, it would not be hard to obtain substantial assistance without it. Unless there should be an exceptionally cold seesen this winter there is a country witha good deal of the cotton going to the and north. Our merchants should aid reason to fear that next summer will see a safe, would require costly and elaborate santary arrangements, which the corporate wealth of the city is wholly unable to meet, and the sacrifices of property which the poor inhabitants will be unable to endure without half the control of the cost of the cos help from outside. The case is one important enough to demand the attention of the entire country, which cannot afford to have a breeding place for yellow-fever in its midst; but the citizens of Memphis are going to work the wrong way by proposing a benevolent lot-tery, which is a contradiction in terms." Sanitation Again. EDITORS APPEAL-As free thought and

tary condition, I beg to trouble you with some conclusions that I, as well as many other of our fellow-citizens with whom I have conversed, have arrived at. The public mind is settling down to the importance, first and foremost, of a system of sewerage to be undertaken by State aid and additional taxation for that purpose. Sewers are very good things for a city to possess, if only for con-venience and cleanliness. But they are costly improvements and slow in their growth or extension, and the people cannot stand any further taxation to build them. I favor a joint stock company to sewer Memphis, with suitable bou ds and restrictions, and I regard this as the most practicable plan. It is not clear that the want of sewers in Mem-phis, and the presence of privy-vaults throughout the city, has invited or been the has returned.

SPOFFORD KELLOGG.

The Senate Sub-Committee Investigating the Spofford-Kellogg Case-Kellogg Objects to the Admission of Testimony.

NEW ORLEANS, November 17 .- The senate sub-committee on investigating the Kellogg-Spofford case met this morning. Henry Howsock, night watchman at Kel logg's residence, took the stand. He testi-fied to the viaits of the returning-board offi-cials to Kellogg. The witness appeared somewhat nervous. He heard a great deal of talking, but the only conversation to which he could swear positively was that he heard Kellogg say that "the house of representatives of the State legislature had gone Democratic;" Blanchard and Jewett visited Kellogg frequently, and Blanchard told witness they were working on election returns; the parties usually came in the back way. The cross-examination showed that the governor, and all who came in carriages, came and all who came in carriages, came in the same way, the governor's office being most accessible by this entrance. The witness admitted that he had tried to get a place in the customhouse, and said a friend had written a letter to Senator Kellogg to which witness's name was signed, threatenwhich witness's name was signed, threatening to go before the committee and testify unless witness got a place. Blanchard was at this time a clerk in Kellogg's office.

Louis Gorrick testified that a few monthago P. G. Deslond, secretary of state in 1876, tryd him that the legislature that elected Kellogg to the senate had no quorum; that if he (Deslond) was not a poor man he would if he (Deslond) was not a poor man he would make a clean breast and tell all he knew about the matter; witness advised Deslond to do so; witness wrote to Senator Gordon about Deslond's disaffection to the Republicans, repeating in the letter what Deslond had said; Deslond seemed sore because he could get discussion is elicited in regard to our sani-

nothing to do; all he had was a clerkship in the postoffice, which only paid about fifty dollars per month.

Senator Kellogg objected to the admission of this testimony, on the ground that the United States senate had decided that the Packard legislature was the only legal legis-lature of Louisiana, and the question could not now be reopened. Messrs. Hill and Vance, majority of the committee, decided the testimony admissible.

Both of the above witnesses were called by Spofford. Kellogg did not offer any direct testimony.

FRITSCH'S PRUSSIAN

THE LATEST

VICTORY OF MEDICAL SCIENCE The only existing remedy for every spe-cies of Acute or Chronic Disease of the Organs of Respiration,

and an absolute SPECIFIC FOR CONSUMPTION! THIS all-powerful vegetable prepara-tion expels from the lungs and air pas-sages, the mucus and muco-pus produced by pulmonary inflammation, heals the irritated membranes, and renovates every organ which utilizes the breath of Life. It contains no stupefying poison, and is in all respects a healthful medi-cine. The rapidity and certainty with which it

ANNIHILATES A COUGH

is astonishing. Its effects go deeper than the mere symptoms of pulmonary disease and discharges the cause from the system. Free and painless expectoration is the mode by which it relieves the lungs, chest and throat from the burdens which oppress them; thus arresting Consumption and Bronchitis in the germ before they reach the more dangerous stages. The emaciated sufferer BATTLING FOR LIFE with the most terrible scourge of our eli-mate will find Fritsch's Prussian Cough Syrup a potent ally, and will assuredly win the fight by adhering strictly to this great medicine. The

CASES NOW ON RECORD in which it has been administered with entire success as a remedy for every va-riety of malady which affects the Re-spiratory Functions, amount_to more

FIVE THOUSAND at the present date, and yet the preparation is only in the infancy of its usefulness. The great defect of all Cough Remedies hitherto introduced is that they are simply expulsory. Hence they are useless; for unless the causes of the acrid secretions which are coughed up are removed, and the ruptured, inflamed or maturated surfaces healed and restored to their natural tone, a cure is impossible. Fritsch's Prussian Cough Syrup accomplishes these objects. The mucus and muco-pus which are the consequence of Lung Disease, are thrown off by it, while at the same time it soothes and invigorates the weakened tissues.

"LIFE FOR THE LUNGS." For coughs, colds, influenza, bronchial difficulties, tightness of the chest, hourseness, sore throat, trachitis, inflammation of the lungs, difficulty of breathing, pleurisy and all disorders of a pulmonary nature, it has never been equaled. Sole agents in America, RICHARDSON & CO., St. Louis, Mo. SOLD BY ALL DRUGGISTS. PRICE ONLY 25 CENTS.

In Obedience to Established Usage, I have designated Thursday, the twenty-seventh instant, as a day of Thanksgiving and Prayer.

On that day I recommend that we abstain from all secular pursuits; and in our temples of worship and around our family altars let us humbly testify our dependence upon the sovereign grace of Almighty God as the only source of spiritual and temporal blessings. blessings.
In testimony whereof, I have hereunto set my hand, and caused to be affixed the Great Seal of the State of Tennessee. Done at the city of Nashville, this 15th day of November, in the year of our Lord one thousand eight hundred and seventy-nine. By the Governor.
